

A Hilarious Twist on Truth or Dare

For 2 to 8 Players, Age 21+, Play Time 30 to 60 minutes

Contents

1 Six-Sided Die, 1 Board, 110 Question Cards, 8 Pawns, and Rules

Object of the Game

To advance your pawn to the finish line by answering Never Have I Ever... questions.

Setup

Shuffle the “question cards” and place them on the board face down. Each card has 4 types of questions: Random, Sex, Drugs, and Drinking. They are represented by 4 symbols:

Each player takes a pawn and places it on the board. Place any unused pawns out of play.

How to Play

Player 1 rolls the die and reads a question from the corresponding category.

For example, if Player 1 rolls the “Sex” symbol she reads the question next to the “Sex” symbol aloud:

Q. NHIE taken a shower with someone else (see sample at right).

Special Note – you must answer your question by stating “I Have...” or “I Have Not...”

If Player 1 answers **“I have”** taken a shower with someone else—then, they have to **“take a drink,”** stay in the same spot and cannot advance their pawn to the next space. Player 1’s turn is over...it’s Player 2’s turn. Player 2 rolls the die and continues in the same manner.

If Player 1 answers **“I have not”** taken a shower with someone else—then, they get to advance their pawn to the next space, their turn is over and it’s Player 2’s turn. Player 2 rolls the die and continues in the same manner.

If you roll the die and the corresponding category has a red action next to it (e.g. **Pick someone to do a “Truth or Dare.”**) then you must perform the action item, and your turn is over.

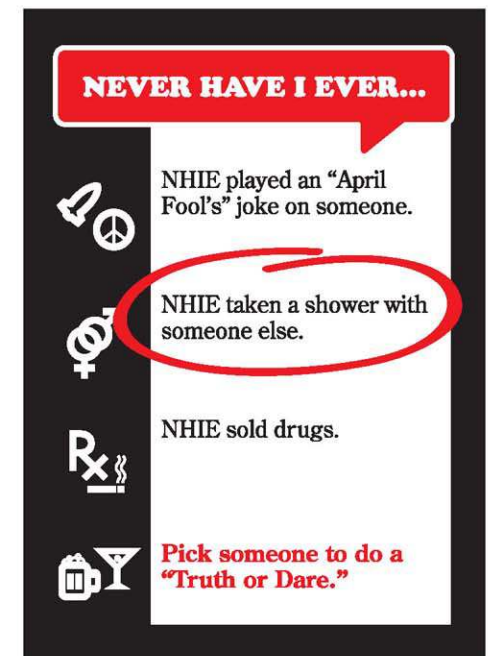

If you roll the die and it lands on , you lose your turn and have to **“take a drink”** and the next player gets to go.

Winning

The first player to cross the finish line wins!

Special Note

If you cycle through the cards, shuffle the deck and place them on the board face down. Repeat as necessary.
